PLACE IN SNB ASSORTMENT

SNB Refreshing Deo-Foot Bath softens, moisturizes and deodorizes feet in the beginning of the cosmetic pedicure procedure.
Regular assortment.

PRODUCT SUMMARY

Usage: Soluble granules with fast action. Enjoy the sense of freshness and deep hydration! The natural balance of the skin and nails will be restored soon.

Application: Fill a pedicure tub with about 4 l warm water. Add 20 grams of salts. Place the client's feet in the tub for 10-15 minutes. This time may be extended depending on the condition of the foot skin.
