PEDICURE THERAPY WITH PROPOLIS AND SEA BUCKTHORN OIL PSN061/PSN062

PRODUCT CONCEPT

Complex foot skincare. The formula is enriched with active ingredients, combining propolis extract, which has anti-inflammatory and antibacterial properties, shea, mango, and sea buckthorn. Sea buckthorn oil absorbs well, soothing the skin and aids in retaining hydration. The alpha- and beta- hydroxy acids complex provide intense skin renewal. Suitable for daily use.

94% of the ingredients are naturally derived according to the criteria of international standard ISO 16128.

Key product components:

- **Propolis and sea buckthorn oil** have a strong antioxidant effect and fight free radicals, which reduces cell aging and improves skin structure;
- **Propolis** : with its anti-inflammatory and antimicrobial properties, supports the treatment of wounds and skin irritations. The high content of polyphenolic antioxidants in propolis support the nourishment and healing of the skin, ensuring lasting hydration;
- **Sea buckthorn oil**: Used to treat burns and has a wound-healing effect. The content of linoleic acid in sea buckthorn reduces the symptoms of psoriasis such as dry skin and unpleasant cracking.
- **Shea butter** : restores, regenerates and protects the skin from aging.

Star Nails – Bulgaria Ltd.

APPLICATION

A small amount of the emulsion is applied to the clean dry feet and spread with a gentle massage until complete absorption. Under normal and reasonably foreseeable usage, undesirable effects are not to be expected.
