	<p><b>Men cream OXYGEN MPS911/MPS912</b></p> 
PRODUCTION CONCEPT	
<p>SNB Men cream is designed for men. Especially created to be absorbed immediately into the skin. The cream soothes, hydrates and its balanced formula with Glycerin and Argan oil prevents moisture loss, nourishes and preserves the skin soft and smooth. Suitable for all body areas where care is needed - hands, face, body, elbows and knees. 92% of the ingredients are naturally derived according to the criteria of international standard ISO 16128.</p> <p><b>Key product components:</b></p> <ul style="list-style-type: none"> <li>• <b>Glycerin</b> – has the ability of attracting and retaining moisture in the skin, thus protecting and restoring the natural barrier function of the skin;</li> <li>• <b>Argan oil</b> – soothes, moisturizes and softens the skin with anti-age and anti-wrinkle effect;</li> <li>• <b>Chamomile water</b> – cleans and soothes;</li> <li>• <b>Vitamin A</b> – balances cell growth and increases the skin's resilience.</li> </ul>
